"TotalPlayStation" In his review, he says, "The first installments in both series focus on civilians  
panicking their way through a dark spaceship while avoiding an extraterrestrial lurking horror; both  
follow-ups retain their predecessor's basic aesthetic while deliberately shifting from creeping tension  
into outright sci-fi action Playable only from a fresh start, Hard Core mode limits the player to three  
saves in the entire campaign

confusing or bleak but because along the way it promises some nice twists and does not get into  
details, maybe due to the fact that the movie is pretty short (1hr 14mins). Overall, a decent  
animation flick well worth watching on DVD and for those interested, a horror survival video game  
has been released at the same time (the movie is a back-story to the events in the game ), named  
simply Dead Space and taking place in the same setting as the movie January 26, 2011 d53ff467a2
